We have tomorrow
Bright before us
Like a flame.

Yesterday,
A night-gone thing
A sun-down name

And dawn today
Broad arch above the road we came.
We march!

TO THE MEMBERS OF THE CLASS OF 1968:

Tomorrow has come! The doors are opening upon a new phase of life for you. Our hopes and our prayers go with you as you step across the threshold into a life of studies, of work, and of responsibilities to family and to country.

As you look to the future remember those who have unselfishly helped you and be ever mindful that in a free society with privilege goes responsibility.

May success continue to be yours in the future and may you never say with regret:

"The key of yesterday I threw away,
And now today,
Before tomorrow's fast closed gate
Helpless I wait
In vain to wish, in vain to sorrow,
Only the key of yesterday unlocks tomorrow."

STUDENT COUNCIL

As the proceedings of the 1967-1968 Student Council are reflected from a mirror, one sees a very prosperous year. From the time after the elections of the homeroom representatives in mid-October, until May, Room 17 was the scene of many hardworking and persevering Student Council members, who planned many school activities. Every Thursday even more people were seen crowded into this same room as the actual weekly meetings took place.

In late October there was the traditional Student Council sponsored teacher's tea. Many teachers, both old and new attended, and the purposes of acquainting the entire faculty and improving the Student-Faculty relations were fully accomplished. Also in October, S.C. members were seen selling book covers in the mornings. Since the design of these book covers was obsolete, the S.C. voted upon a new design for the 1968-1969 book cover.

On December 21, Junior High West was the scene of the festive S.C. Christmas Dance featuring "The Dawn Breakers." This dance was the beginning of the club's first activity to raise money for its yearly project, the Student Lounge. This fund-raising campaign was carried into the month of February. First on a Friday evening, the popular T.V. show, the *Dating Game*, came to A.H.S. This game, with Mr. Trevisani as master of ceremonies, proved to be interesting and entertaining for all who attended as well as participated. Next, we sponsored a Chambers Brothers Concert on February 23.

The Student Council did plan many more activities and voted on other new proposals such as student-exchange programs and a European Trip. The above, however, were only the highlights. As in other years, there were threats of impeachment, resignation, and problems of attendance. Somehow, though, the Student Council and its members managed to survive. As the 1967-68 Council came to a close, it was evident that many of its members had gained valuable leadership qualities.

ALLIED YOUTH

Allied Youth during the year was busier than ever. Karen was always coming up with new ideas for projects and amazing everyone. There was always a meeting, dance, carwash, or orphanage party for someone to work on. John was always looking for someone to help sell candy, and Terry kept peddling fruitcakes. Sneaky little members were dispatched to supermarkets, evening classes, and parent-teacher nights to sell their wares to unsuspecting parents. Ruthless Jim presided over all those weird council meetings, and everyone accomplished a lot with a great deal of enthusiasm. Joanne did the minutes in the grand old tradition of A.Y. secretaries. Bob's publicity committee did its job well employing unusual methods. On the way to a carwash, Paul was flabbergasted to hear it announced on the car radio. The song and dance team of Bob and Jim out in front of the school to attract people probably had the same effect on a lot of customers!

The fact that we didn't have a permanent room added to the confusion. . . . "You mean we're having a committee meeting in the hall? You've got to be kidding!" . . . "Would you like to buy some candy?" . . .

"How would you like to win a free record album of your own choice?" . . . "The meeting will please come to order?" . . . "and if you make five posters, you get a point!" . . . "What's a fruitcake king?" . . . "1-2-3-rotate!" . . . "Meeting adjourned!"

However, despite all odds, the year was a huge success. Jack was great as Santa Claus at the Christmas orphanage party, and carolling was a lot of fun. With the help of Miss Hutchinson and Mr. Brown, our fearless advisors, the auction, carwashes, and other socials were just as successful.

The highlight of the year was the International Convention in Texas. Mary undoubtedly had the best drawl, Terry had the best pajamas, and Steve excelled in other areas. Jack's "Girls Wanted" sign was a very popular attraction around the motels. However, many people enjoyed sloshing in the mud at the lake nearby. Jack led everyone on a trip through Dallas in the pouring rain before we left. Arriving back in Boston, everyone talked like Texans and looked tired. Probably the best way to describe both the trip and the whole year was the slogan brought back from Texas: *Fantastic!*

CHRONICLE

The past year has been, to say the least, an eventful one for the *Chronicle*, as the paper came up with many "firsts." A controversial editorial policy was adopted which caused many a small disturbance during the year. In December, a poll was conducted among the faculty, and the entire student body, to determine the general feeling about the Vietnam War and offer relevant issues.

The *Chronicle's* first fund-raising project was a student-faculty basketball game in February, with the male teachers playing against the senior boys.

The newly formed journalism class proved to be a great help in writing and typing articles and coming up with good ideas in general.

The year, however, was not without minor mishaps: arriving Wednesday morning to discover the paper not

only hadn't been delivered, but it hadn't even been printed yet; almost deciding to leave out the February issue; plus the usual mad dashes to the Advocate with late copy.

The worst part of it all was thinking up eighty assignments and then getting only thirteen turned in. We always seemed to dig up something, though, for those monthly Sunday lay-out sessions that ranged from six and a half hours in the beginning to three near the end.

The highlight of the season came at the traditional *Chronicle* Banquet in the spring when Aunt Minerva's true identity is disclosed and the following year's staff announced. Our high school newspaper careers end with the final issue in May (that wonderful last issue!) as we wish next year's staff good luck.

SKI CLUB

On December 27, 1967 the Arlington High Ski Club went on its first trip of the year; their destination: Mt. Bromley, Vermont. One hundred twenty skiers enjoyed the fine ski conditions and excellent trails of the mountain. The more courageous skiers such as Bill Leverone went to the summit of the mountain. Others tried their skills on the lower slopes. Several skiers were seen trying the techniques shown by professional skiers in a movie shown a few days before the trip. We were fortunate in having no broken skis or bones, however, a few less fortunate skiers such as Sandra Moore and Maryellen Straccia split their pants. On the bus trip home, the tired skiers were not too tired to indulge in Dave Meadow's homemade fudge. (Could it have been because the skiers couldn't get anything to eat at Ho Jo's?)

We started 1968 with a ski trip to Mt. Ascutney, Vermont. Although only a small number attended this ski trip, the skiers enjoyed uncrowded slopes, and fine weather.

The Ski Club's new advisor this year is Mr. Solomon. He and the four officers, Larry Pass, B. H. Larson, Marianne Phaneuf and Maryellen Straccia, spent many long hours planning the ski trips and collecting money. When the Ski Show came to Boston, Mr. Solomon and the four officers took the opportunity to observe the latest equipment, techniques, and ski wear. The hard-working officers and advisor helped to make this year a very successful one for the Ski Club.

F.T.A.

Top Row: J. Woodbury, J. Green, S. Naugler. *Bottom Row:* D. Sakey, P. Touloupulus, M. Chin, Mrs. Dorenbusch, M. Tuminelli.

The fall of 1967 saw the start of the Arlington Senior High School Future Teachers of America Club. This newly formed organization received its official charter from the National Education Association. F.T.A.'s main purpose at Arlington High is to offer the student interested in a career in education the opportunity to explore areas of teaching, and counseling.

During the year of 1967-68, the members of F.T.A. initiated several programs. An apprentice teaching program in which students had the opportunity to practice teaching, tutoring programs for freshmen, and an orphanage project designed to promote relationships between F.T.A. members and young children were among the most satisfying of the F.T.A. programs.

F.H.A.

The F.H.A. is composed of a group of young ladies who are interested in more than the rudiments of sewing and cooking and turning out a "mean" chocolate cake. The activities of the club were manifold. They ran from sending representatives to the Eastern States Exposition to preparing a booth for the New England Home Show held in the War Memorial Auditorium.

They provided valuable in-service experience by caring for a needy family in Arlington at Christmas time as well as a host of other projects. The girls expressed their true concern for community activities under the able direction of the Club's leaders: Pam McPherson, Pat Linnehan, Nancy Dovidio, Caron English, and Joyce Hannifin.

GERMAN CLUB

The German Club, new to Arlington High this year, is perhaps the smallest and least celebrated group in the school. Not to be outdone by larger clubs, the German Club has enjoyed such activities as attending the *Vivoli en masse* and terrorizing Cambridge's Worsthaus. In a more serious vein, Miss Withers, the advisor, treated the club to several trips to Germany—via slides, films, and commentaries. It is believed that the German Club will soar to new heights in future years.

Top Row: D. Smith, R. Sexton, S. Gerrold, M. Murrman. Bottom Row: C. Hurley, B. Larson.

FRENCH CLUB

The year 1967-1968 was mostly a time for reorganizing the French Club. After the election of the officers—President Anne Pidano, V. President Jeanne Erlandson, Treasurer Chris Barnstead, and Secretary Paula Erlandson, and four class representatives, we noted a definite derth of common, unadulterated members. Various methods were used to induce members to be present at meetings, among which were stating on the bulletin that "attendance is mandatory" and providing entertaining programs, but to no avail.

At the start of the year the President and V. President contemplated sponsoring a dance and using the profits to help a French orphan, but this proved not to be feasible on a budget of \$13.61. Anyway, the President thought it might be in our range to mail President De Gaulle a thank-you note for French aid during the revolution. To the distinct annoyance of both the President and the V. President, they could not find the address.

Finally, thanks should go to Miss Link for her room and patience. By the way, we were wondering how the German Club would feel about a merger—*Die deutsche cercle francais*, maybe?

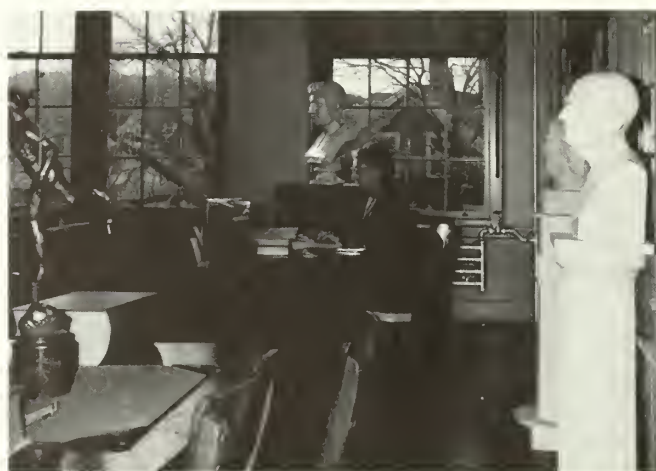

A. Mano, J. Erlandson, C. Barnstead, A. Pidano, P. Erlandson.

LATIN CLUB

The Latin Club of 1968 was much like any of its nineteen predecessors, probably due to the uninterrupted reign of its one and only faculty advisor over the years, the perennial Miss Rounds. This year the members, all fourth year Latin students, again sought to learn more about classical Graeco-Roman culture, the foundation of our western society. For instance, a good portion of the club's research into classical subjects centered around mythology. In a lighter vein, the members held their annual facsimile of a Roman org—banquet. Aside from the traditional agenda, however, the Latin Club planned a reunion for previous Arlington High Latin Clubs. The success of the December event led the organization to suggest that a reunion also be made an annual affair.

The official colors of this year's Latin Club are purple and gold, an original combination. Our motto, *semper sui generis sit* (always be yourself), is an apt description of the personalism of our club.

Somewhere within the dark corridors of the thirties it is whispered that the AHS Science Club conducts its unearthly rites. Science minded and not-so-science minded students have sung, danced, and laughed their way through research projects as diverse as marine biology, paleontology, and parabolic mirrors, to name but a few.

The annual Science Fair is a cause of much confusion every year, and nowhere is this confusion better exemplified than in the conduct of the club members. In recent years the Science Fairs have been especially

excellent.

Besides the Science Fair, the club has featured numerous movies, speakers, and field trips of interest to all who have attended. This year the club has begun several new projects including lectures to elementary school children and exchange programs with high schools in the vicinity. The Science Club members would like to thank their two advisors, Mr. Arthur Botelho and especially Mr. Harry Meserve for their time, energy, sympathy, and perseverance on behalf of the club.

CHESS CLUB

Any day, in room 14B, you can see members of the Chess Club busily at work in the mind-expanding, exciting game involving the proper manipulation of strange little figures. Beside the intricacies of the game itself, much more is involved. Often there are stimulating discussions on practically any topic.

The Club's best players participate in an interscholastic Chess League. The team has had an excellent record of championships in past years. Under the leadership of Jack Marshall, the team has continued in this glorious tradition. The Chess Club provided stimulation and activity for many interested Arlington High School enthusiasts.

DRAMATIC CLUB

The Dramatic Club has again distinguished itself as one of the most active and accomplished organizations in the school. The large number of students who displayed an interest and desire in performing greatly encouraged Mrs. MacLean, before she discovered that fifty percent of these people were inexperienced novices. Determined to overcome this handicap and to prove that the acting ability does not leave with the graduating class, Mrs. MacLean, and a cast of approximately sixty assiduously worked toward two superb performances of *Inherit The Wind* on December 8 and 9.

The courtroom play, written by Jerome Lawrence and Robert E. Lee, is based on the celebrated Scopes "monkey trial" of the middle twenties. Chris Simonds and Ralph Sexton portrayed the roles of the two brilliant legal adversaries, Clarence Darrow and William Jennings Bryan. Members of the supporting cast included: Howard Rogers, Steve Quinlan, Jack Marshall, Barbara Kennedy, Richard Kalustian, Liz Hasler, Louis Contos, Peter Canady, Sue Bugden, and Neville Bean.

Spring is probably the most important season for the club due to its competition in the annual Massachusetts Drama Festival. *The Shewing-Up of Blanco Posnet*, George Bernard Shaw's play of rollicking western humor and satire, was submitted for this competition. Shaw who felt that the intelligence of the Americans left much to be desired, presents such colorful characters as Feemy, the town "slut." It was noted that "she had private reasons for wishing to please every man, and that she was not morally particular as to what she did to oblige them."

A fitting conclusion to the year's activity was again provided by the club banquet. At this occasion, the members of the Dramatic Club met for the last time in the school year. It is a particularly sentimental and significant time for seniors, who collect their memories of hard work and binding friendship. The Dramatic Club has provided invaluable experience for its members this year, as it has in past years, and as it will for many years to come.

The Arlington High School Debate Club is a group of select students devoted to the causes of debate, discussion, and public speaking. Although this year the majority of the A.H.S. debaters are upperclassmen, each of the four classes is represented in the club. Within the debating circle, however, regardless of grade in school, there are "novice" and "varsity" levels. This year, as during past years, there are varsity members, which is indicative of the fact that high school debating requires both initiative and skill.

As a member of the North Shore Debating League, the A.H.S. Debate Club has the opportunity to participate in interscholastic debates with neighboring schools. The League competition is keen, as any member can attest. This year, as in past years, the North Shore League debated the National High School Debate Topic, which is chosen as official material for all tournaments and other meets. During the 1967-68 season, A.H.S. members debated whether Congress should establish uniform regulations to control criminal investigation procedures. By the end of the school year, each debater was a true authority on this topic.

Although *sans* size of fame, the A.H.S. Debate Club is an active organization this year as it has been in past years. Advisors Mr. Hendrickson and Mr. Hyett, and President Judy Haas agree that the Debate Club is headed toward success, sparked by the initiative and skill of each of its members.

ART CLUB

During the 1967-68 school year, the Art Club was an adventure in creative self-expressionism. Its chief purpose was to provide a relaxed atmosphere for students who simply want to create their own ideas in art. Almost unlimited freedom of creativity was guaranteed to the members whose goal was to create and experiment. Work in sculpture was also open to the member who found greater satisfaction in three-dimensional

creativity rather than two-dimensional painting. Abstract art in painting and sculpture offered a relaxing break from the rules of the classroom and a chance to experiment with any material which might be useful to the artist. The art exhibit sponsored by the Art Club near the end of the year was an opportunity for art club members to exhibit their work.

CIVIL RIGHTS

Although the year of 1967-68 was not an unusually active one for the Civil Rights Club, the members did become involved in one or two meaningful projects. A tutorial program was established at the beginning of the year. Twelve members tutored elementary school children in arithmetic and reading. Even though the tutors felt that they had not been too successful in actually teaching their tutees, they found the entire experience to be a valuable one.

Two sessions were held in which the members viewed films and became involved in discussions of the ideas presented in these films. These sessions were particularly worthwhile as the members became personally involved in an exchange of ideas.

J. Bernard, D. Galli, J. Pacheco, R. Johnson, M. Manzo, F. Prestejohn, W. Hefler, Mr. Fagone.

AUDIO-VISUAL CLUB

The Arlington High School Audio-Visual Club runs on a tight and rigorous schedule. The members arrive at school well before most of their classmates to prepare the numerous materials which will be used throughout the day to brighten and elucidate many a class.

Arlington has one of the biggest and best-equipped audio-visual departments of any Massachusetts public school. The department is under the direction of Mr. Fagone who explains the proper use and maintenance of the complex equipment. The experience that the Audio-Visual Department offers to its members is a valuable and rewarding one.

Arlington Senior High School was one of the first schools in the area to participate in the youth volunteer program at Bedford Veterans Administration Hospital. Students from our school join with students from surrounding communities in providing essential social services for the men and women patients at the hospital. They write letters, read to the patients, work in the occupational therapy unit and, in general, do any work that will relieve the overburdened staff of the hospital. Our students have volunteered for a three hour tour of

duty every Wednesday afternoon. The program has been coordinated by Mr. Taylor, the Administrative Assistant of the high school. The work our students perform has great therapeutic value and their weekly tour of duty is looked forward to most eagerly by the patients. It is their one chance to associate with the youth of the community and the patients derive great pleasure from this association. This service organization is one of the most beneficial groups in the high school.

GIRLS' CLUB

The Arlington Senior Girls' Club of 67-68 started off their year with a giant membership drive in October. Early in November, the outstanding movie, "The Cardinal", was presented in the Lowe Auditorium. Next, a local registered nurse spoke on the advantages and disadvantages of nursing as a career and presented an analysis of the degrees which can be obtained in this field. The four volunteers to the Fernald School did an excellent job; not only did the children benefit, but the volunteers gained a great deal of experience. Our wild swimming party at the "Y" was a tremendous success and we decided to continue it weekly for the remainder of the year. To bring our program to a close in the spring, we sponsored a great bake sale, and a noted hair stylist demonstrated some beauty tricks. In the summer several selected members will attend a fabulous week at Summer Conference!

As everyone knows the Library Corps is among the most active clubs in Arlington High. This year the Library Corps decided to celebrate its fourteenth birthday by running a Psychedelic Book Fair. We had no trouble getting the necessary help from the multitude of members.

Under the capable leadership of Mrs. Hynson, Mrs. Potter, and Mrs. Lepie, the Book Fair with its blinking lights, mind-expanding music, and wild decor, was a

big success. This comes as no surprise to those who realize the amount of work that was involved in the effort.

The Library Corps had its annual outing in the spring. As usual the entire corps was delighted to be asked to go and all enjoyed a good time. The seniors in particular will never forget the experiences they have had in the Library Corps.

MATH TEAM

The Arlington High School Math Team ranked twentieth out of fifty participating schools in the state. The Greater Boston Math League is composed of teams who competed four times during the school year. Arlington hosted one meet under the direction of faculty adviser Miss Winnifred Wohlebe. Arlington, with senior members Joanne Hilferty, Robin Langer, and Akiko Mano, placed second in the first meet. The members enjoyed the special activity provided by the Math Team.

MAIN OFFICE ASSISTANTS

Probably one of the least known but most important institutions at A.H.S. is the Office Assistants. The girls perform invaluable services and help in manifold ways in the Housemasters' Offices, the Guidance Department, and even in the head bastion of the school, the Main Office. They perform such diverse services as bringing discipline slips to persons rebellious to the establishment, filing documents in cabinets, placing mail in the mail room, and collecting daily attendance records. The girls help A.H.S. to run more smoothly thanks to their numerous efforts.

GIRLS' GLEE CLUB

The Girls' Glee Club is composed of students from grades nine through twelve under the direction of Mr. Thebodo. It is an elective and affords the girls a wonderful opportunity to participate in singing all types of music ranging from the sacred and liturgical to secular music of a light nature. The purpose of the Club is to prepare girls for a continued musical appreciation. The girls participated in the Christmas Assembly and added a warm, personal touch to the program.

The Girls' Choir is a musical organization under the direction of Mr. McElhiney. The girls participated in diverse assemblies which were designed for further musical appreciation. The Choir played an important part in the traditional Christmas Assembly. They also performed for the Natick High School Student body in an exchange concert given on March 1, 1968. They were very well received not only at this concert but also at the Special Spring Concert held here at the school. Musical groups are to be commended.

The Majorettes, like their compatriots, the Samettes and Cheerleaders, worked hard to provide entertainment and color to the various half-time activities. The group is comprised of talented and enthusiastic members under the leadership of versatile Linda Boyadjian. They provided near-perfect performances which were the result of long and arduous hours of work.

Many of their performances were given under less than favorable weather conditions. Yet the girls were always undaunted and helped to spur their audiences to new enthusiasm.

When a Samette first walks out onto the football field to her first practice, she thinks all she has to do is learn a few steps, put them together, and perform in front of large crowds. True, they do all of that and more. A good half time show takes long hours of practice in order to perfect each step. Many phrases that a Samette becomes well aware of are, "Left, right, left!" . . . "Point those toes!" . . . "Guide!" . . . "Pick up your feet!" . . . "Guide! Guide!"

Along with two senior Samettes—June Schnare, captain, a Samette for three years, and Karen Keshian, a Samette for two years—there are thirteen juniors and eight sophomore girls who have helped to make this year's group the most spirited and enthusiastic ever. And enthusiastic they were in every way, for regardless of the weather, they were ready to put on a good show. This was shown best at Thanksgiving when each Samette voted to put on a show, despite the rain and three inches of mud. This is the spirit of Samettes.

As in years past, Arlington High has always had an outstanding Concert Band. This year's band was no exception by any means. Under the skillful direction of Mr. Gerald Thebodo, the concert band achieved another great year. As the band has less than forty members, and more attention can be applied directly to each student, new heights of musical proficiency were conquered. The musical ability and tone quality of the band ranks at the top of the list of former A.H.S. bands.

Concerts at the Jr. High East, various exchange concerts, and the high schools assemblies all paved the way for the band's excellent performance at the annual Spring Concert. Several very difficult compositions were performed at the concerts, including an arrangement of Gilbert and Sullivan themes and a clarinet solo accompanied by the band.

The long-awaited-for new red and gray uniforms finally arrived in the fall, and the band looked as well as it sounded.

Being Arlington High's oldest organization, the Concert Band continues its reputation as one of the best Boston suburban bands.

ORCHESTRA

As you walk into the Auditorium during fifth period on any Monday or Thursday, you will hear strange sounds, pleasant sounds, or even harmonious sounds (?). The sounds, will come from such strange structures as a violin, trumpet, or even a bassoon. After you discover this strange phenomenon, you will also discover that this is the Arlington High School Orchestra. Under the bold and fearless leadership of Mr. Gerald Thebodo, the Orchestra has soared to new fame.

The first performance was the traditional Christmas Assembly. After playing for four assemblies, the Orchestra was ready to go for another (?). With the conclusion of the Christmas Assemblies, the Orchestra set to work on the music for the Gilbert & Sullivan

production, *Mikado*. The leadership of Mr. L. Hassler Einzig and Mr. Thebodo proved to be extremely rewarding. Even though the music was extremely difficult, the Orchestra managed to come through on top! On April 9th, the Orchestra went on an exchange concert to North Kingstown, Rhode Island. Again the Orchestra did not fail to portray the true spirit of Arlington High students. As they take their final bow, they begin to think about the work that is ahead of them for the annual Spring Concert and Memorial Day Assembly.

After all the work the Orchestra puts in for the school, they deserve our appreciation and applause.

This fall the Band was drastically changed due to the departure of our beloved Mr. Laman. The new director, Mr. Thebodo, has done a wonderful job with the organization.

"Mr. T." quickly got things underway in September and started marching band rehearsals. Every Saturday and two days after school, we would anxiously scurry onto the field to march in all kinds of weather. The Band was very successful with the half-time shows, and was not equaled by any other band. The Thanksgiving performance showed the great spirit upheld by band members; although it was cold, rainy, and muddy, the band members chose to persevere and the performance went on. Casualties were high, however, for several girls lost their shoes in the mud.

This year's band was not the best due to inexperienced players, but thanks to the excellent guidance on "Mr. T.", it turned out unusually well.

This year marked the 30th annual operetta performed by the G & S Club, and the club director, Mr. Einzig, planned a spectacular anniversary performance. The show this year was the *Mikado*, probably the best known work in the Gilbert and Sullivan repertoire. Fans had been flipping since September, and the especially diligent rehearsal by the principals: Jay Silva,

Mary Auditore, Joan Malatesta, Jack Marshall, David Mayerson, Kathy Gratto, Dennis Falwell, Bill Pomeroy, Mark Szafarz, and Cindi Meo, assured a successful production; the orchestra, meanwhile had been synchronizing its music to that of the singers. The production was staged on the 5th and 6th of April to the satisfaction and applause of all.

The Harmonettes are a group of eleven girls of which two are accompanists. The girls are grouped into three part harmony: first soprano, second soprano, and alto. They have been quite active in singing for church organizations, the Rotary Club, the Swedish Folk Dance Club of Boston, and of course, taking part in the Christmas Assemblies. In early spring the Harmonettes visited several more places to entertain all those who have an ear for good music. Once again, they will sing for class-day assembly, and then the following seniors: June Schnare, Paula Terzian, Janyce Trulson, and Nancy Urquhart will bid farewell to Arlington High School. Throughout their high school careers, these girls certainly have enjoyed being a part of such a fine group as the Harmonettes.

PARAPSYCHOLOGY

The A.H.S. Parapsychology Club is a new adventure embarked upon this year. It is captained by David Smith and Paul "Gibbs" Gately, with the help of secretary, Luanne Lamphier.

The club's purpose is to investigate supernatural phenomena. This entails discussions, research, and practical laboratory experience. We hope to do further work with E.S.P., telepathy, and pre-cognition.

None of us had any real experience in this field, but we all had a deep-seated interest and enthusiasm. We hope to have a more active and productive year when we return to school in the fall.

YEARBOOK

Innovation was the idea of the 1968 *Indian*. Trying to capture the unique individuality of the class of 1968, the yearbook staff worked with new techniques and layouts to produce a book which did indeed achieve that goal.

Production was initiated in the summer of 1967 with the writing of the student biographies. Layouts, artwork, and the actual design of the book began the first week of school, with the final deadline in March. Five days a week, often until 5:00 in the afternoon, a streamlined staff of about a half dozen seniors worked to coordinate the materials and ready the book for publication. Without their untiring efforts and selfless attitudes, the *Indian* could not have been produced. And they did it for free!

TECHNICAL—VOCATIONAL

In the Technical-Vocational High School, the Student Council is composed of nine members. The three senior members are Raymond Wilson, Arthur Kavanaugh, and David Motherway. The three junior members are John Wilson, Philip Capogna, and Mark Murdock. The three sophomore members are Peter Michienzi, Garry Brown, and Peter D'Olimpio. These students are selected from each department—Electronics, Machine, and Automotive. Meeting with the Director from time to time, the Council discusses various problems and situations. The students not only present problems affecting their respective trades, but also offer constructive suggestions on matters concerning the whole school. Through this exchange of advice and ideas, teachers and students profit by being able to understand each other better. As a direct result of this communication, the Director and faculty can more readily cope with problems as they arise in the shops and laboratories of the school.

Arlington Tech students, like other high school students, take course requirements in English, social studies, algebra, geometry, physics, and physical training. Shop and lab work are of major importance and technical students devote 50% of their total time to this type of instruction.

SCRIBE

We set out, back in October, to find out what Arlington High School wanted in a literary publication, what sort of magazine would arouse the most avid response here, and seeing what was what, to publish a magazine reflecting the popular will. In June we still have not completed our market research but are still experimenting with different types of format and content. So, *Scribe* magazine is rather difficult to describe, swirling in a constant state of flux around one or two isolated moorings. And of necessity, any brief description of *Scribe* builds itself on these few outcroppings of bedrock in the midst of flow. Call them editorial principles if you will, these few constants around which the staff tries to mold each issue while experimenting in sundry directions—extensively with the fictional short story, then with the researched article, with humor and with tragedy.

At any rate, the *Scribe* staff believes that the publication should try to reflect interests of the students while still maintaining certain standards of taste and quality that befit the dignity of a "literary" magazine. *Scribe* should furthermore, be a vehicle for the creative works of the Arlington High School community, students and faculty alike. To this end the staff was attentive and solicitous to any responsible writing done 1967-68. For the staff these are the only guidelines—points that remain fixed while everything else about the magazine bends with the wind.

LAB ASSISTANTS

From the physics' lab of the 30's corridor to the earth science classroom of the Freshman building, science lab assistants have been busy at work every day again this year. As anyone who has ever seen a lab assistant bustling about in a lab-coat and apron can tell, this selective group of young people is the back-bone of the science department. Who else, for example, could help physics teacher Mr. Clough grow meal worms but his number one assistant, Kathy Forest? And it could only be John Manfredi who would help Mr. Manning have successful phosphorus fires. Congratulations, lab assistants for conducting another smooth-running year in our science department.

Arlington High's varsity football squad did not have as good a season as in past years; however, the team's record is misleading. Inexperience was the key problem this year. To complicate the situation further, star quarterback Joe Pandolfo suffered from a leg injury and sat out half the season. Although Joe was sorely missed, substitute quarterback Dave O'Leary played well. Dennis Keating was the all-around star for A.H.S. He snared five touchdown passes, played brilliant defense, handled the punting, and returned kick-

offs. After a rather slow start, senior half-back Marty Toczykowski came on strong later in the season scoring touchdowns in the last four games. Co-captains Paul Traverse and Charlie Harrington played well on defense as did linebacker Pat Egan, who set a record by participating in more tackles than any player in A.H.S. history.

Although the team suffered from the lack of experienced players, there was no shortage in team spirit as could be witnessed by the camaraderie which existed among the squad's members.

For the first time in six seasons, the varsity hockey team failed to finish first in the Greater Boston League. However, the season was still successful as Coach Burns led the team to a second place finish with a record of eleven wins, two losses and a tie. This record enabled the team to qualify for the state tournament for the twentieth time in the past twenty-one years.

Co-captains Bill Corkery and Tim Russell along with Charlie Harrington were the only seniors on the young team which carried eight sophomores. Bill and Tim were the only returnees who saw any action with last year's state champs.

During the season, Billy Corkery led the G.B.I. League in scoring with 44 points and was chosen most valuable player. He was selected on the first all-star team and Tim Russell was placed on the second team.

Suburban League all-stars Dave O'Leary (first team) and Jack Casey (second team) led the Arlington High basketball team in a fine season. The eight win, eleven loss record is deceiving, as the Suburban League was extremely tough this season and Coach Hill's squad was burdened with inexperience. O'Leary, a junior, captured the league scoring crown while Casey, a senior, placed third.

Other outstanding players were Jimmy Keefe, Jim Nigro, and Bob Cuccio. Keefe handled the playmaking and was a tenacious defender. Along with co-captains Paul Traverse and Dave O'Leary, Cuccio and Nigro did most of the rebounding. Nigro, Cuccio, O'Leary, and sophomore Mark Sullivan will return to what appears to be an outstanding ball club.

The Arlington High Varsity Cross-Country Team won only two out of seven meets this year but there were several individual stars on the squad. Peter Chase earned the most points with 28, and he was followed by Tom Heaslip with 24, and John O'Neil with 22. Captain Dave Swanson also ran extremely well.

Perhaps the most exciting meet of the year took place against Newton South in Arlington. Newton

South's leading runners lost their way during the meet and failed to place. After a good deal of argument, Arlington was awarded the victory. The other meet that Arlington won was against Revere.

Coach Kelly should be very optimistic about next season because Ceurvels, Chase, Heaslip, and promising runners Jack Reppeto, Dave Johnson, and Arthur Stratton all will be returning.

INDOOR TRACK

Top Row: W. Picolo, M. Accardi, J. Marcahtonio, J. Graham, P. Herlihy, P. Flynn, C. Coffey, R. Saul. *Middle Row:* Coach J. Kelley, P. Jones, R. Leverone, W. Mahoney, D. Snowdon, M. Sullivan, R. Murray, D. Keating, M. Toczlyowski.

Inexperience hurt Coach Kelley's track team this year as the 2-4-1 record indicates. However, the record is misleading as the team dropped close meets to Randolph and Watertown.

Ed Murray (300 yds.) and Mike Ceurvels (1000 yds.) had outstanding seasons. Ed and Mike finished first in their events in all but one meet.

Captain George Anastas (hurdles), Marty Toczlyowski (dash, shotput), Peter Chase (mile), Tom Heaslip (2 mile), and Jack Pittorino (shotput) also had fine seasons.

This year was especially encouraging to Coach Kelley because it provided experience and training for several promising underclassmen. Sophomore Mark Sullivan displayed sensational potential in the high jump, and another sophomore, Barry Santini, appears to have the ability to replace Anastas in the hurdles next year. Others that show promise are Bob Baker, Bill Mahoney, and Brian Cecere.

Mr. Driscoll in his first year as assistant coach was extremely helpful to the team, especially for the high jumpers and the boys throwing the shotput.

GYMNASTICS

The Gymnastics Team was made up primarily of Juniors and Sophomores. There were only two Seniors, Philip Dionne and Joseph Cronin who were also Co-Captains.

A lack of experienced seniors was the big problem this year. On the brighter side, four Juniors were good enough to qualify for the State Individual Championship Meet. They included Richard and Kevin Dionne, David Smith, and Arthur Camacho.

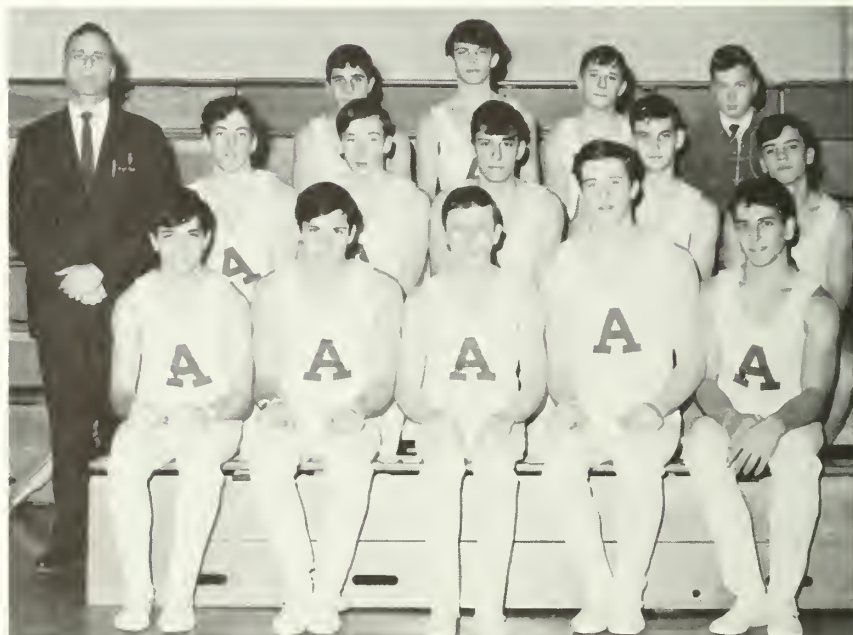

There were eleven Letter Winners. The two Senior men were Joseph Cronin and Philip Dionne. There were six letters awarded to the Junior class and three to the Sophomores.

Bottom Row: E. Abruzzese, A. Mucci, V. Barnaby, E. Keane, D. Getrost, J. Cosgrove, W. Abbott, S. Macklin, J. Morrello.

The 1967 field hockey team had one of the most successful seasons in several years with a record of six wins and two losses. Led by co-captains Jane Cosgrove and Wendy Abbott, a starting lineup of five seniors and six juniors raced through an eight game schedule scoring eighteen goals and allowing only eight. Nancy Mahoney was the team's leading scorer with 10 goals, followed by Debbie Getrost and Eileen Abbruzesse. Outstanding on defense was Jane Cosgrove who won the Most Valuable Player award from the Sportsman's Club. Seniors Ellen Keane, Joanne Morello, Wendy Abbott, and Suzanne Maklin, and Juniors Ginny Barnaby, Pam Whitney, and Ann Mucci complete the list of varsity letter winners. Jean Barrett and Donna Caissie handled the managerial chores in fine fashion.

For five of the girls, Jane Cosgrove, Wendy Abbott, Pam Whitney, Nancy Mahoney, and Mitty Shaugnessy, the season started at the end of August with field hockey camp. They came through the week with a minimum amount of injuries and a lot of experience and fun.

The "Jayvee" team had a record of four wins, two losses, and two ties. They were led by Donna Maderino and Susan Sirois with fine goal-tending by Nancy Urquhart.

GIRLS' BASKETBALL

We started the season with a victory against Watertown. Then we lost to Lexington by one point, and won our next three games and closed our season with a loss to Cambridge.

There were no seniors on the team last year so all our players returned. This was beneficial because we were used to playing together and we were a well-balanced team. Our captains were juniors Debbie Getrost and Ginny Barnaby. Our starting offense consisted of four juniors and our defense of two seniors. There are five seniors who will be graduating this year.

Near the close of our season, we were invited to play in the Billerica Tournament. We defeated Woburn in the first game, and, then were scheduled to play Maynard's undefeated team. We beat them and then played Lincoln-Sudbury and beat them by a two point margin in the last four seconds of play. We then went on to beat Acton-Boxboro and became the champions. The most exciting game of the tournament was our game with Lincoln-Sudbury.

Along with the championship we took other honors. Our captains were named as two of the eight all-tourney players, and captain Debbie Getrost was named Most Valuable Player of the Tournament. We were runners-up for the Sportsmanship award.

During our season play we broke Melrose's undefeated season and we became the first team to beat Winchester in seven years.

**Before you accept
that first job . . .**

**Look over
your
employer
as carefully
as he does
you**

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone.

Why not talk with our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.
